

STOP SOCIALISM ★ ★ CHOOSE ★ ★ FREEDOM

QUICK REFERENCE GUIDE FOR ORGANIZING A SIMPLE SIGN WAVING RALLY

BASIC STEPS FOR YOU TO DO

- 1** Pick the date, time, and location – we recommend April 15th, but for some people, Saturday, April 13th works better, so choose the date that works best for you. Pick a time that works for you, ideally at a time when there is more traffic. Finally, for the location, we recommend a busy intersection/corner, or outside of a business (like a shopping center) or office (like the Post Office) that has a lot of traffic.
- 2** Invite likeminded contacts – email, call, or text likeminded people you know and give them the details for your event. Also use social media to spread the word – simply post your event details on Facebook, or Twitter, or whatever platform you use. Add the following text to any post you make: **#StopSocialismChooseFreedom**.
- 3** Enter your event details on our website: **tpp.us/createevent** – make sure to enter the date, time, and location details so that other people who want to attend can find you!
- 4** Make some signs to bring – get some poster board from Walmart, Target, a crafting store, an office supply store, etc.
- 5** Take at least one friend and show up! Even if it ends up just being you, or just you and a friend, your public display of opposition to socialism and support for freedom will act as a catalyst for others that agree with you, but just needed to see someone else go first.

KEY POINTS ABOUT SOCIALISM AND CAPITALISM

- History shows that socialism has failed everywhere it has been implemented, because it rejects a fundamental ingredient of what makes capitalism successful – private property.
- The more aggressively socialism is pursued, the bigger the failure that results.
- History shows that capitalism is the economic system that has brought more people out of poverty than any other system.
- History shows that you cannot have political freedom without economic freedom. The moment you begin to limit economic freedom, you begin to limit political freedom.
- We are rallying for freedom to remind our fellow citizens that history has shown that socialism is a dangerous idea that has failed everywhere it has been implemented.
