ONLINE EXPLOITATION

CHILD SEXUAL ABUSE MATERIAL (CSAM): refers to any content that depicts sexually explicit activities involving a child. Visual depictions include photographs, videos, live streaming, and digital or computer generated images indistinguishable from an actual minor. CSAM better describes the reality of this crime, rather than the legal term of child pornography. It's important we use terminology that reflects the impact of this crime on its victim [thorn.org]. "At any given time, there is an estimated 750,000 child predators online — and they all have a key to your house via the Internet" [FBI, nd]

Biden Administration and Congressional Democrats Facilitated 'Explosion' in Illegal Alien Child Labor
March 14, 2023 [tpp.me/cis-childLabor]

- Even The New York Times reported reported that illegal alien minors are arriving in record numbers.
- In the last two years alone, more than 250,000 children have entered the USA by themselves (a different article reported nearly 290,000)
- As more and more children have arrived, the Biden administration has ramped up demands the children be moved more quickly out of shelters and given to sponsors.
- Caseworkers admit they are rushing through the vetting process of sponsors.
- HHS is supposed to check on the minors with a phone call a month after placement, but data showed that over the last two years the agency was not able to contact over 85,000 children.

Bombshell NYT Report Shows White House Aware of Alien Child Abuses

April 19, 2023 [tpp.me/cis-childabuses]

- In September 2022, the Department of Health and Human Services' (HHS) Inspector General (IG) issued a report that blasted the Office of Refugee Resettlement (ORR) in caring for, tracking, and releasing unaccompanied alien children (UACs).
- Poor vetting of sponsors has been a problem in ORR's UAC program for years, but was made much worse with the huge increase in UAC's under the Biden administration's policies.
- The Trump administration tried to fix the vetting problems and ensure children were handed off to proper sponsors. When doing this inevitably increased the amount of time the UAC's were kept in ORR's care, Democrats complained, including then-candidate Joe Biden.
- Officials in HHS and the Department of Labor sent reports to the White House outlining concerns, but those "reports were not flagged as urgent and did not make clear the scope of the problem". Field staff complaints were also ignored at the department level.
- Thus, the White House is aware, and doing nothing to stop it.

Border Sex Trafficking Cases Should Challenge Sound of Freedom Skeptics

August 4, 2023 [tpp.me/border-cases-sof]

- The FBI concluded an operation in July 2023 which rescued 200 sex trafficking victims, 59 of whom were minors, in just two weeks of trying.
- Two different cases are highlighted in the article – one in Mission, TX and the other in Houston, TX.
- In both cases, smugglers and traffickers utilized the deliberately unsecure border to bring women and children across the border illegally for the purposes of forcing them into sex slavery once they arrived in the USA.
- In one case, the smugglers/traffickers also coached the people they were smuggling on what to say to falsely claim asylum at the border. The smugglers *themselves* had previously entered illegally, falsely claimed asylum, and received a legal status that allowed to travel in and out of our country. They then used that legal status to bring Cuban women into the USA under false pretenses, after which they were forced into sex slavery.

How Porous Borders Fuel Human Trafficking in the United States

- While some of the unaccompanied minors are placed with legitimate sponsors, and others are sent to unvetted sponsors, still others end up in the foster system.
- According to the Department of State, a large number of child sex trafficking survivors in the U.S. were at one time in the foster care system.
- Studies done by the Latin American branch of the Coalition Against Trafficking In Women estimates that 60% of Latin American children who set out to cross the border alone or with smugglers have been caught by the cartels and are being abused in child pornography or drug trafficking.
- In 2019, the Trump administration launched a pilot program that allowed for ICE to DNA test families that were deemed suspicious of fraudulent activity. The Biden administration abandoned this policy.

Transgender Movement, Biden Border Policy Aid and Abet Child Sex Slavery, Rescuer Warns
June 28, 2023 [tpp.me/ds-ustrafficking]

- Tim Ballard, founder of Operation Underground Railroad argues that an open border makes it easier for child sex traffickers to operate.
- Ballard stated that in February 2021, the cartels made \$411.5 million, for an average of \$14.6 million per day.
- **From the article:**
“Fourteen million dollars a day are landing in the pocket of smugglers and traffickers, thanks to the Biden-Harris border policy,” Ballard said. “The only compassionate policy is border enforcement—barriers, walls. Why? And ‘The Sound of Freedom’ talks about this. Because the walls and the barriers lead the children who are being hurt into that funnel of rescue. Trained women and men in uniform are there. Those kids want to go through the port of entry.” “Those kids pray for a wall. The wall will save their lives,” he added. Yet the Biden administration took “it all down,” and opened “it all up.” “Kids are being abused by the thousands, and our taxpayer dollars are actually funding it,” Ballard said.

TRAFFICKING AND OPEN BORDERS

In Summary...

A huge factor in child sex trafficking, especially of non-American children, is our open border and lack of immigration enforcement. It is clear that our virtually nonexistent border facilitates child sex trafficking and other forms of forced child labor.

In a nutshell: an unsecured, open border enables child sex trafficking by first incentivizing illegal immigrants to attempt the journey because they know they can get into the country more easily. In turn, that incentivizes and provides cover for human smugglers and traffickers, because there is more demand for their services and there is less risk involved.

It's simple; the more opportunity there is to do evil, the more that evil will flourish.

And it's clear that evil is flourishing under the Biden administration. His deliberate destruction of our border, Constitution, laws, culture, and sovereignty is allowing evil to run rampant. These policies must be stopped, but they can only be stopped if we Secure and Win...

Grooming? Woke Schools Brainwash Kids Using the Same Tactics Deployed by Pedophiles

November 30, 2021 [tpp.me/wj-groomingschools]

From the article:

In an August article for Psychology Today, Kelli Palfy, Ph.D. — a trained trauma therapist and expert on male sexual abuse — wrote about how sex offenders groom their victims for abuse.

“Grooming techniques are the deliberate, carefully orchestrated acts and gestures offenders engage in. The acts are all legal and not harmful in themselves but later recognized as offenders’ preparation process, designed to win the affection, trust, and loyalty of potential victim and their parents,” Palfy wrote.

Perhaps the most egregious example of schools using these sorts of tactics was seen over the past few months when numerous reports from across the country revealed that books containing child pornography had been made available in various school libraries. According to Palfy, pedophiles often introduce pornography to young children for exactly this purpose. “Offenders may inquire about their target’s present knowledge of sex and/or introduce them to pornography, often leaving it around for easy detection,” Palfy said.

- Tim Ballard also argues that the woke Left is championing the same “pedophile doctrines” that enable child sex slavery.
- Ballard has discovered what he calls “the pedophile network doctrines,” and has found that they are eerily similar to the doctrines of the radical gender ideology movement.
- Ballard states, “...pedophiles are sitting back right now, going, ‘We’ve been pushing this agenda for decades. and now we don’t have to push anymore, because the Left are taking care of it for us in America.’”

From the article:

The former DHS agent also warned about “this whole trans [ideology] foisted on children... What they’re saying is, children can consent to having their bodies filled with a chemical that will destroy their reproductive system. They can consent to ripping apart their genitalia.” “This is insanity—in and of itself it’s horrible,” Ballard added. “But what it’s going to lead to is what the pedophiles have been asking for. If you can consent to that, guess what? What’s more fluid than gender? Age.”

TRAFFICKING AND RADICAL GENDER IDEOLOGY

In Summary...

The chilling truth is that radical gender ideology – i.e. destabilizing children mentally and emotionally about who they are human beings – and then indoctrinating them with inappropriate, graphic, pornographic depictions and discussions of sex, is helping to serve our children up on a silver platter to child sex traffickers.

- Put a wedge between children and their parents, and brainwash them into thinking their parents are the bad guys? **Check.**
- Teach children to keep secrets with adults who aren't their parents excluding their actual parents? **Check.**
- Introduce children to completely inappropriate sexual imagery and discussions without permission and do it early so it is normalized and their natural inhibitions are eliminated? **Check.**
- Confuse children and make them vulnerable to predators? **Check.**

TRAFFICKING AND RADICAL GENDER IDEOLOGY

Summary continued...

The reason many teachers and school administrators are called “groomers” is because they are doing the things that pedophiles do to win the trust of a child in order to abuse them.

We must stop schools from teaching “comprehensive sex ed” and destroying our children’s minds and bodies with radical gender ideology. It is unfathomable that our tax dollars are paying for public schools to make our children more susceptible child sex traffickers, but that is where we are as a society.

It is sick and wrong, and it must end.

In every way, at every opportunity, Joe Biden and his administration promote and defend actions that mutilate children’s minds and bodies. In 2022 his politicized DOJ sent a threatening letter to state Attorneys General warning them that banning these evil procedures for minors was a “civil rights violation.” These policies must be stopped, but they can only be stopped if we Secure and Win...

WHAT CAN YOU DO?

Most importantly in 2024:

WE MUST SECURE AND WIN THE ELECTION!

There is no way we will be able to stop the invasion at the border, stop child sex trafficking and radical gender ideology in schools, and stop the medical industrial complex from mutilating children, ***IF WE DO NOT SECURE THE ELECTION AND THEN WIN IT!***

SECURE AND WIN

Secure means doing the work it takes to ensure the election is honest, transparent, and trustworthy.

Win means getting conservative voters to vote and making sure their ballots are turned in.

Secure and Win doesn't happen without patriotic Americans like you stepping up to work as poll workers or poll watchers, and working to Get Out The Vote in various ways.

If conservatives don't secure and we don't win, then we don't end the invasion, and we fail our own children and the children being trafficked.

SECURE

- **Highest priority:** Sign up to be a poll worker – paid, official position, authority to take action on irregularities and be more closely involved.
- **Next:** Sign up to be a poll watcher – volunteer, official position, no authority to take action, reports irregularities to the party that placed you, must stay in a certain area.
- **Last:** Be a public observer – volunteer, no official position, no authority to take action, reports irregularities to organization that placed you, must stay in a certain area.

Details about who to contact to work or volunteer are listed on the handout provided.

WIN

- Sign up to Get Out The Vote (GOTV) with the Tea Party Patriots Citizens Fund GOTV app well before the election.
- Ballot chase with coalition partners like Turning Point Action once voting has started.
- Donate to organizations getting out the vote and to your preferred candidates.

WHAT ELSE CAN YOU DO?

We must secure the election and win it in order to truly make it harder for child sex traffickers to operate. The open border and the sexualization at schools is a policy problem that can't be solved if we don't win. However, in the meantime, you can also:

- Remain vigilant with our own kids, and report to law enforcement any suspicious images and anything else that you believe could be or lead to a trafficked child.
- Donate to organizations that free children from bondage and that help to care for them after they are rescued.

WHAT ELSE CAN YOU DO?

The first step is to learn about how the issue of child sex trafficking is tied to an open border, lack of enforcement of immigration law, and radical gender ideology in our schools – that's what you're doing now.

Next: Educate friends, family, and your community. Social media, letters to the editor, talking to friends and family, and public events are the best ways to do this. Make sure they understand that bad public policy creates the environment in which child sex trafficking thrives, and that they are needed to help us secure and win, so that public policy changes.

Also: During legislative seasons and cycles, work with lawmakers to change public policy secure the border and remove radical gender ideology/comprehensive sex education from schools.

EDUCATING OTHERS

Using the resources in our guide, *GOD'S CHILDREN ARE NOT FOR SALE*, you can...

- Write a letter to the editor of a newspaper or other news outlet – there are two templates. One focuses on how our open border facilitates child sex slavery and the other focuses on how radical gender ideology grooms our children, making them easier targets for traffickers.
- Organize a one-time or recurring sign-waving event – there is a step-by-step checklist to help you organize it.
- Email your family and friends to ask them to take action – there is a sample email you can use.

Use every instance of education as an opportunity to recruit people to secure and/or win the election, because this won't stop unless we secure and win!
