

The Department of Homeland Security added a simple star to identification cards and driver's licenses to indicate that the document is a REAL ID. Would you support or oppose the federal government requiring the addition of a simple identifier on REAL IDs to indicate whether an individual is a U.S. citizen or not?

“It is neither fair nor right to allow a particular group of illegal immigrants to “jump in the line” and be awarded the benefits of legal status and a potential pathway to U.S. citizenship before the hundreds of thousands of potential legal immigrants who have followed the law and waited in line for years.”

Some people advocate for deporting only those illegal aliens who have committed heinous, violent crimes and allowing amnesty for those illegal aliens with jobs. In contrast, others advocate for deporting anyone who entered the country illegally because they broke the law as their first act in America and cut in front of the immigrants waiting to enter legally.

Considering this, do you agree or disagree with the following statement:

“Everyone who has entered the country illegally, regardless of what additional crimes they may or may not have committed while in America and regardless of their employment status, should be deported.”
