

PROTECT THE SUPREME COURT

Thank you for hosting a meeting to educate others and inspire them to save America!

The topic for this Meeting in a Box is **“Protect the Supreme Court.”** The resources in this box will allow you to easily educate your members about how to stand up against the lies and attacks from the left about the Supreme Court’s integrity in general, and about Justice Clarence Thomas and Justice Alito in particular.

The left would love nothing more than to bully Justices Thomas and Alito into recusing themselves from certain cases, kick them off the Court, and increase the size of the Court so that it becomes a rubber stamp for their unconstitutional power grabs. Many important decisions will be released soon, including President Trump’s presidential immunity case. We must be prepared to protect the Supreme Court from the expected onslaught from the left.

Additionally, remind your members that the next president will likely choose at least one more Supreme Court justice and the next Senate could have the power to expand the Court, something that left-wing activists will relentlessly push a like-minded president and Senate to do. Therefore, use this topic to recruit people to help us Secure & Win.

Included in this Meeting in a Box:

- ✓ A downloadable, detailed PowerPoint presentation if you have more time
- ✓ A downloadable, summarized PowerPoint presentation if you have less time
- ✓ 50 copies of a takeaway handout for attendees with a call to action
- ✓ “Protect the Supreme Court” and “Appeal to Heaven” Stickers

Note: Ten double-sided signs (one design on the front, another design on the back), 18” x 24”, are included in a separate shipment box.

DOWNLOAD AND CUSTOMIZE

To download the PowerPoint presentations, the handout document, and the how-to guide, please visit tpp.me/protectsc-resources. Feel free to add/edit slides or handouts to fit your specific needs and the situation/requirements in your local area and state. To maximize your presentation, it is best to go through the PowerPoint slides before you present, so that you are familiar with the length, any animations included, the flow, etc.

RECRUIT

You will need many volunteers in 2024 to Secure and Win. Use each Meeting in a Box to help you recruit more volunteers for your county based on today's pressing issues. In 2025 we will return to the same volunteers to work on legislative calls to action.

SHARE WITH YOUR LEADERS

TAKE PHOTOS

Please make sure to take a picture of your meeting where you have used the Patriot Project Meeting in a Box. Please assign a volunteer to take photos and videos of:

- The person giving the presentation

Please tag [@TPPatriots](https://twitter.com/TPPatriots) in your social media posts with the photos you take and email photos to photos@teapartypatriots.org. Photos allow us to show donors that the grassroots benefit from their generosity. **If you do not document, it did not happen.**

IS THERE A CATCH?

Yes, there is always a catch, but this one is fairly painless and will help Tea Party Patriots Action create materials like this Patriot Project Meeting in a Box in the future. Read the following announcement after giving your presentation to allow those in attendance to donate to create future materials like this Patriot Project Meeting in a Box.

"I hope you all enjoyed this meeting! The materials were provided to us by Tea Party Patriots Action and their generous donors. If you can donate, you will help them produce more meeting materials for groups like ours. All of this work will help conservatives secure and win this year. You can donate at tpp.me/mbdonate. You will also find that URL on your handout. Thank you!"

I am so incredibly thankful for you and for your desire to secure and win the election this year. Our country is in danger right now, there is no doubt about it, and there is no way we can save America without you. Thank you.
